Top 20 terms, one plot per group
response to vitamin D
response to nutrient
regulation of monoatomic ion transport
regulation of monoatomic anion transport
regulation of metal ion transport
regulation of extent of cell growth
regulation of developmental growth
regulation of cardiac muscle cell contraction
pigment cell differentiation
negative regulation of neurogenesis
negative regulation of growth
negative regulation of developmental growth
negative regulation of cell growth
negative regulation of cell development
negative regulation of axonogenesis
negative regulation of axon extension involved in axon guidance
maternal placenta development
decidualization
cranial nerve morphogenesis
blood vessel endothelial cell proliferation involved in sprouting angiogenesis
